Re: Symantec Proof of Partnership

To Whom It May Concern:

This is to certify that Secure Data Recovery Services has been an active member of the Symantec Partner Program since April 6, 2011 and currently at the Symantec Registered Level. Under such Partner Program, Secure Data Recovery Services is provided with certain rights and obligations to purchase and resell Symantec products, through authorized Symantec Distributors. Secure Data Recovery Services is a current Symantec business partner in good standing authorized to sell all Symantec products including maintenance services and support (to the extent of which they are currently authorized to sell).

Additionally, Secure Data Recovery Services has rights to advertise its status as a partner under the Program, provided that any such rights and obligations are carried out in accordance with, including but not limited to the Symantec Partner Program Base Agreement entered into between Symantec Corporation and Secure Data Recovery Services and any additional, applicable policies or guidelines contained on the Symantec PartnerNet Portal.

Thank you,
